HellSinki METAL FESTIVAL

IN CO-OPERATION WITH
CAPITAL OF METAL

Helsinki, Finland
August 5-8, 2026

From August 5–8, 2026, Chile will be represented at Hellsinki Metal Festival and Capital of Metal in Helsinki, Finland, with an industry delegation coordinated by Chilemúsica. The delegation will bring together five Chilean music companies and organizations, alongside performances by Intrascendence, Intrascendence, Sobernot and Pronoias, including showcases and Mawiza's full live performance, further strengthening the presence of Chilean metal at one of the world's leading events dedicated to the genre.

This initiative builds on Chilemúsica's internationalization strategy, expanding its presence in specialized markets while incorporating metal into its international promotion agenda for the first time.

Hellsinki Metal Festival, together with the professional platform Capital of Metal, is one of Europe's leading metal events. Held in Finland—the country with the highest number of metal bands per capita in the world, where the genre is deeply embedded in the nation's cultural identity—it brings together artists, festivals, record labels, agencies and specialized media from across the globe. In this context, Chile arrives with a distinctive metal scene, strengthening ties with one of the genre's most influential ecosystems.

The Chilean delegation will include five companies and organizations from different regions of the country: Emebooking y TraXion Rock (Santiago), Probeta Music (Valparaíso), Monte Ranco (Futrono) and Fundación A.M.A. Ayuda a la Música y Cultura Atacama, alongside the bands Pronoias, Intrascendence and Sobernot. On Wednesday, August 5, the three bands will open Chile's participation with showcases at Semifinal, one of the venues within the historic Tavastia complex, as part of a programme focused on professional exchange and networking.
